# Bray Credit Union's

## ★ *Top Saving Tips* ★

### F O R C H I L D R E N

- 1 Save with your local Credit Union** – it's a great way for you to start saving for the things you would like.
- 2 Set yourself a savings goal:** it is easier to save when you know what you are saving for! This might be a short term goal - something which you can save up to buy in a few weeks, or a long term goal - something bigger which will take a longer time to save for.
- 3 If you get pocket money,** put a little aside each time you receive it. You'll be surprised how quickly it builds up.
- 4 It is important to save on a regular basis,** no matter how small the amount is, this will help you develop a savings habit.
- 5 Join a savings scheme in your school** or ask your parent/guardian to take you to your local Credit Union – and start saving today.
